## MV Moidart

### SPECIFICATION

Name	MV Moidart
Date of Build	1983, refits '96, '03, '08
Built by	Cheverton Workboats
Gross Tonnage	64.53Te
Length	19.82 m
Breadth	5.77 m
Draught	1.53 m
Engines	2 x 600HP Caterpillar
Propulsion	Twin Screw
Endurance	5 days, 1500 NM
Certification	Category 2/60 miles

MV Moidart is a 20m versatile ex-fisheries protection vessel. She is well equipped and maintained for year round operation and ideally suited for a range of workboat tasks from NNM platform support, to diving, ROV and inshore survey work around the UK and further a field if required.

The large wheelhouse layout has ample 240v mains supplied bench and desktop areas, which makes for simple workstation set up.

The back deck has ample working area with a crane or 'A' frame with a platform at water level to aid diver or equipment deployment and recovery.

With an endurance of 5 days/1500 Nm the Moidart can complete most workboat projects in a single trip whilst providing personnel with comfortable living arrangements.

### WHEEL HOUSE EQUIPMENT
